Career Objective

A diligent and detail-oriented final-year B.Tech student in Electronics and Communication Engineering seeking an opportunity through the 2027 campus recruitment drive. Eager to apply analytical thinking, problem-solving, and communication skills, contribute to organizational goals, and learn and grow professionally in a collaborative work environment.

Skills

Languages: Python, C

Tools & Platforms: MATLAB (Basics), Embedded Systems (Basics)

Others: Accuracy and Attention to Detail, Problem Solving, Analytical Thinking, Public Speaking, Strong Verbal & Written Communication, Time Management, Ability to Work Independently, Exploration of New Technologies

Education

Sri Venkateswara College Of Engineering 2023 - 2027
B.Tech in ECE **CGPA: 9.59/10**

Sri Chaitanya Junior College 2021 - 2023
Intermediate, MPC **Percentage: 92.4**

St. Arnold's High School 2020 - 2021
SSC **Percentage: 98.3**

Project Work

- **Multi-LED Control using ESP32 and Python**
  - Built an IoT mini project to control multiple LEDs using ESP32 and Python.
  - Implemented GPIO interfacing for hardware control and real-time testing.
  - Technologies: Python, ESP32, Embedded Systems, IoT.
- **Automatic Plant Watering System**
  - Developed an automated irrigation system using a soil moisture sensor, microcontroller, relay, and water pump.
  - Automatically detects soil moisture levels and turns the water pump ON/OFF based on the moisture requirement.
  - Helps reduce water wastage and manual effort while ensuring proper watering of plants.

Certifications

- Python Essentials: By LinkedIn
- AI for Beginners: By HP LIFE
- CAD Designs to 3D Printing Bootcamp: By NIELIT, Calicut
- Designing of IOT: By S.V.University, Tirupati
- Short-Term Virtual Internship in Artificial Intelligence and Machine Learning (2 months, 120 hours): Organized by SmartBridge Educational Services Pvt. Ltd. in collaboration with Andhra Pradesh State Council of Higher Education (APSCHE)

Achievements

- Grabbed a participation certificate for publishing research paper on "water resources protection from encroachment using google maps and drone technology" organized by IETE, Vijayawada Centre in association with PVPSIT.
- Presented a research paper at the 5th National Conference on Applications of Soft Computing Techniques in Engineering (NCA SCTE-2026), held at ACE Engineering College, Hyderabad, on an AI-based face recognition system.
- Bagged Best Student Award from Sri Venkateswara Pratibha Purashkar, ABVP 2025.
